

Simplify buying for government

Built for the unique needs of government organizations

As governments of all sizes seek new ways to streamline buying processes and operations, Amazon Business is continuously expanding our selection and adding new features to help you at any stage of digital transformation.

Modernize legacy processes and leverage built-in tools for increased cost savings, visibility, and agility.

Increase purchase visibility

Get the transparency you need, while providing the familiar experience your buyers want. Set guidelines aligned to public policy and use advanced analytics to increase visibility into non-contract spending.

Amazon Tax-Exemption Program

Eligible agencies can make tax-exempt purchases by enrolling in the Amazon Tax Exemption Program.

Competitive comparison shopping

Comparison shop in government-related categories such as maintenance & repair, office supplies, and more. Compare to find the lowest price, and purchase under designated spend thresholds set by the administrator.

Seller certifications

Source products from sellers by highlighting certifications like Section 889. Encourage socially responsible purchasing from certified local and diverse businesses, and track that spend across your organization.

Register today to take advantage of business-only pricing, quantity discounts & free shipping on eligible items at business.amazon.com/government
