Student Contacts this month include:

- Contact with student that might require or lead to follow up issues
- Discussion/Education on Behavior and how it could apply within the law.
- Warnings, Citations or Arrests

Activities:

Continuing into the month of February most of the business at the schools has been steady.

There has been a large problem at Minico High School with parking violations in the back parking lot. Students who are either late to class or wanting to parking in a certain area of the lot have been parking in areas where there are not any parking spaces. This has been a continuous effort to maintain vehicles in parking spaces. The majority of the kids are not repeat offenders rather it is a new person each time. The rough count of students the school and I have warned in reference parking is around 26 students for the month of February. There was one of the days in the parking lot where there were 13 of those 26 who were all not parked designated parking spaces. Some of the vehicles we have been unable to identify who the student driving the vehicle is because of the vehicle being registered to a family member. Several of the incorrectly parked vehicles block the necessary access should a fire truck need to maneuver through the parking lot.

Presentations or Training:

- Presentation to Acequia 5th Graders in reference behavior as applied within the law.
- Four presentations to Mt. Harrison High School on Sex Respect and Digital Security.

Other Activities:

I worked with Robyn Freiburger from West Minico on Lockdown Procedures for students in the commons area of the school. The drill on the commons procedures will be forthcoming.
