

## **Napi Elementary Board Report**

August 2016

Wow, the 2016-2017 school year is almost upon us! Napi Elementary's School Leadership Team (SLT) Members are Genevieve Bragg, Victoria Guardipee, Dana Bremner, Lona RunningWolf, Elizabeth Coleman, Lorinda Devine and both Principals. We will also be recruiting one more colleague from 5<sup>th</sup> and 6<sup>th</sup> grade, a paraprofessional, parent, and a school counselor to come aboard this year

Our team is scheduled to begin working on August 1<sup>st</sup>. Our focus is on math, literacy, authentic literacy, and continuing with the Gradual Release Instructional Framework for delivery of all contents.

On August 17<sup>th</sup>, our SLT will provide new teachers with professional development on curriculums and our school's action plan.

Success For All (reading program) training with our district consultant Sloan Macy has been scheduled tentatively for September.

To ensure that we have a successful year it is essential that we have adequate time to plan, so I would like to thank the district for providing the time and funding for our SLT to complete this work!

We will continue to communicate our progress towards our school's academic goals and achievements throughout the year.
