

**School Board Meeting:**

**May 27, 2025**

**Subject:**

GR. 6-12 Health Education  
Curriculum Adoption Proposal  
(CAP) Report

**Presenters:**

**Pam Miller, Director  
Teaching & Learning**

---

**SUGGESTED SCHOOL BOARD ACTION:**

Proposal was presented at the May 12<sup>th</sup> Workshop.  
Action will be taken at the May 27, 2025 school board meeting.

**DESCRIPTION:**

The Health staff have engaged in the district Continuous Improvement Process (CIP) review tasks over the past two years in the RESEARCH and PILOT phases. They have been active in activities that have included:

- development of a program goal to guide the selection of resources and to formulate the vision for instructional delivery
- review of national standards
- investigation of technology tools to enhance student learning
- discussions of preferred resources and development of resource scenarios
- consensus-building to reach recommendation decisions

These CIP tasks have now culminated into the Physical Education and Health Curriculum Adoption Proposal (CAP) Report being presented to you for review at this time. The recommendations included here provide excellent student opportunities that align with the goals of the national standards, as well as the local identified improvement process goals for each department.

This review process has allowed an opportunity for our Physical Education and Health teachers to reflect upon the future learning experiences desired for BHM students.

Upon completing the review process, the team is bringing forth recommendations for consideration within their CAP report. With these needs and desired goals, of course, comes a significant commitment of purchase for instructional resources in order to meet these needs and goals.

Preliminary budget figures are listed below.

<u>Program</u>	<u>Budget Request</u>
BCMS Health	\$11,624
BHS Health	<u>\$13,306</u>
	\$24,930

The Health Education CAP Report was presented to the Community Teaching & Learning Council on May 2, 2025. Staff will be presenting this information at Monday's board workshop and be available to respond to any questions you may have about the process or the resources within the recommendation.
