

## **Board Report for March 23, 2015**

### **Maintenance:**

It's been very busy. We have been working on work orders, exit lights, heaters and much more. We have been very busy.

### **Transportation:**

Dawson has been out and is back now. But Rocky was out last week. Janet has been busy driving bus and so have I. Everything seems to be running good. I still have some things to fix on a couple or three vehicles. Just been busy.
