

**TRANSPORTATION BOARD REPORT FOR  
MARCH 2025**

**SUBMITTED BY: WAYNE BULL Calf**

**Hi all this is my march board report.**

**So, for the mechanic shop, they have completed 33 work orders, on both buses and district vehicles, we got back one of are big MCI buses just in time for track season to begin, also in February and March they were out doing early morning road checks.**

**So, for the office we are getting ready for the Transportation Board meeting on 4-30-2025. We are looking at our budget to make sure we have the funds to cover our department to attend the Montana association for pupil transportation in June 17<sup>th</sup> to June 20<sup>th</sup>.**

**For the trips, we had 20 sport trips and 26 field trips, we would have had more trips, but some were canceled or rescheduled due to weather conditions. We are asking all departments that are requesting field trips get them in a week before they are scheduled to part.**

**So, as for the disciplinary department we had only 14 rite ups, thanks to our superintendent for allowing us to continue good behavior incentives this made a world of deference with all behaviors on our buses.**

**Thank you all for reading my board report, God bless all!**
