RE: Review of Amendment Request

---

It has come to our attention that Southeast Arkansas Preparatory High School has already received waivers for Standards 4-E.1 and 4-F.1 (Guidance Counselor and Library Media Specialist) during the transition of waivers for Standards.

It was an error to request waivers for those two Standards at the February Charter Authorizing Panel meeting. We hereby need to withdraw those two specific Standards of our waiver request. We are still in need of the other half of the Standards and A.C.A. to fully effectuate the waiver request and still seek waivers for the other areas submitted and approved by the Charter Authorizing Panel.

We look forward to presenting to the State Board of Education at its next meeting on April 11<sup>th</sup>.

Educationally,

A handwritten signature in black ink that reads 'Alexander Noguera'.
