## Trojan Connection

Our Trojan Connection food pantry continues to serve more each month. Our November numbers are as follows:

Total Households Served: 423

Individual Senior Citizens: 199

Individual Adults: 737

Individual Minors: 707

New to services: 116 households visited for the first time in November

The pantry was also able to give a total of 21 Thanksgiving boxes out and distributed 83 turkeys that were bought and donated.

We have also been fortunate enough to see an increase in donations to the pantry this month. Donations have been both monetary and a collection of canned goods.

The **NEW Pantry Shed** was delivered on November 25. Dan has been working hard to coordinate electrical, sheetrock, and insulation so that we can begin utilizing it as soon as possible.
