District schools shall be open to all children five years of age and over who reach age five on or before the first day of January of any school year. Each such child shall have, and shall be so advised by the appropriate school authorities, an equal opportunity to participate in the program and activities of the school system without discrimination on account of race, color, sex, religion, national origin, sexual orientation, or gender identity or expression. Students who are classified as homeless under federal law or an unaccompanied youth, as described in 42 USC 11434a, and therefore do not have a fixed residence, will be admitted pursuant to federal law and policy 5118.1.

The parent or person having control of a child five years of age shall have the option of not sending the child to school until the child is six years of age. The parent or person having control of a child six years of age shall have the option of not sending the child to school until the child is seven years of age.

The parent or person shall exercise such option by personally appearing at the school district office and signing an option form. The district shall provide the parent or person with information on the educational opportunities available in the school system.

The parent/guardian of any child who is denied admission to the district's schools, or an unaccompanied minor, a student eighteen years of age or older, a homeless child or youth or an unaccompanied youth who is denied schooling on the basis of residency, or an agent or officer charged with the enforcement of the laws concerning attendance at school may request, in writing, a hearing by the Board of Education.

According to Connecticut General Statute 10-76d (b2), special education will be provided for children who have attained the age of three and who have been identified as being in need of special education, and whose educational potential will be irreparably diminished without special education. If a special education student is being considered for an exception, the Planning and Placement Team (PPT) will make a recommendation to the administrator in charge of special education.

Each child entering the district schools for the first time must present a birth certificate or offer legal evidence of birth data, as well as proof of a recent physical examination and required immunizations. If the parents or guardians of any children are unable to pay for such immunizations, the expense of such immunizations shall on the recommendation of the Board, be paid by the town. Proof of domicile may also be requested by the Building Principal.

The District will immediately enroll any student who transfers from Unified District No. 1 or Unified District No 2. A student transferring from the Unified School Districts who had previously attended school in the local District shall be enrolled in the school such student previously attended, provided such school has the appropriate grade level for the student.

Children who apply for initial admission to the district's schools by transfer from nonpublic schools or from schools outside the district will be placed at the grade they would have reached elsewhere pending observation and evaluation by classroom teachers, guidance personnel, and the school Principal. After such observations and evaluations have been completed, the Principal will determine the final grade placement of the children.
