BOARD POLICY PERSONNEL STAFF/STUDENT RELATIONS

GAHB
JUNE 17, 2024

Appropriate professional relationships are paramount to the success of our students, and staff members must uphold the highest ethical standards in all interactions with students, specifically maintaining appropriate physical, verbal, emotional, and social boundaries both within and outside of school. Further, staff must understand that even the appearance of inappropriate relationships with students will adversely impact their effectiveness in the school environment, which in turn could result in a formal District investigation and potential disciplinary action. All staff members are encouraged to discuss issues with their site administrator or supervisor whenever they are unsure whether particular conduct may constitute a violation of this policy.

Staff members are prohibited from engaging in any of the following conduct, regardless of whether the conduct occurs on or off school property, or before, during, or after school hours. The following examples of prohibited conduct do not, and are not intended to, constitute an exhaustive list of conduct for which discipline may be imposed:

All staff members are directed to consult their supervisor(s), and/or the LPS Human Resources Department, if they require clarification of these requirements as they apply to student relationships.

The District will take appropriate disciplinary action, up to and including dismissal, against any staff member found to have violated this policy in accordance with District policies, regulations, applicable collective bargaining agreements, and state/federal laws. Digital communication (including social networking) that occurs on District premises or involves the use of District equipment is governed by the Acceptable Use Policy and this Policy. This Policy also applies to digital communication that occurs off District premises and/or using non-District equipment.

Similarly, digital communication between staff and parents, community members, and other adults, or to which staff members, parents, and community members reasonably may be exposed, should be professional.

Positive interactions, digital or otherwise, are encouraged among employees of Livonia Public Schools, recognizing that unprofessional communications may reflect poorly upon, and negatively impact the reputations of staff members, individual school communities, or the District as a whole. Staff members must be conscious of the public nature of their positions in the District and mindful of how their communications may be perceived by others. As they relate to students, parents, families, colleagues, community members, and/or the District generally, staff members' comments made online (including those posted to personal social media accounts) that are harassing, defamatory, inclusive of confidential student information, or disruptive to the educational environment, and are not otherwise protected by law, may be addressed directly by the District as an employment action ranging from consultation to disciplinary action.

Public Use

The District's social media, to the extent it is open to the public for use, collectively constitutes a limited public forum. All comments and postings on District social media are subject to monitoring and, where permitted, removal by the District.

Public posts or comments on District social media must address District business and, where applicable, the particular District business under discussion. The District reserves the right to remove comments or postings by members of the public when the District determines that the content (including links to such content) falls under any of the following prohibited categories:

JCEC- Bullying Prevention

It was moved by Mr. Johnson and Supported by Mrs. Acosta that the Board of Education of the Livonia Public Schools School District accept the recommendation of the Policy Committee and adopt the following Board Policy Language:

BOARD POLICY
STUDENTS
BULLYING PREVENTION

JCEC
MAY 20, 2024

The Board of Education believes that a safe and civil environment in school is necessary for students to learn and achieve high academic and social-emotional standards. It is the policy of the District to provide a safe educational environment for all of its students. All forms of bullying toward a student, whether by students, staff, or third parties, including Board members, parents, guests, contractors, vendors, or volunteers, is strictly prohibited. This policy equally protects all students from bullying behavior regardless of the subject matter or motivation for such impermissible behavior. This policy applies to all activities in the District, including activities in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at any school-sponsored, school-approved or school-related activity or function whether or not it is held on school premises, such as field trips or athletic events where students are under the school's authority, or where an employee is engaged in school business. This policy also applies to conduct using a telecommunications (i.e. electronic, digital, and mobile devices) access device or telecommunications service provider that occurs off school premises if the telecommunications access device or the telecommunications service provider is owned by or under the control of the District. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment. "Bullying" is any written, verbal, psychological, physical act or electronic communication, including but not limited to cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more students either directly or indirectly by doing any of the following: a. Substantially interfering with education opportunities, benefits, or programs of one or more students b. Adversely affecting the ability of a student to participate in or benefit from the District's educational programs or activities by placing the student in reasonable fear of physical harm or by causing emotional distress c. Having an actual and substantial detrimental effect on a student's physical or mental health d. Causing substantial disruption in, or substantial interference with, the orderly operation of the school Bullying includes a person willfully exercising power or control over another with hostile or malicious intent (i.e., oppression, physical or psychological, of a less powerful individual by a more powerful individual or group). Bullying may be perceived but not limited to any actual or perceived characteristic, such as race, color, religion, ancestry, national

origin, gender, sexual orientation, gender identity and expression or a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic. Examples of bullying may include but are not limited to: a. Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact b. Verbal – taunting, malicious teasing, insulting, name calling, making threats c. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation d. Written - graphic or electronically transmitted e. Cyberbullying Any student, whether victim or not, who believes s/he has been or is the victim of bullying, or who is aware of another student who has been or is the victim of bullying, should, and every staff member must, report the situation to the building principal or his/her designee. Complaints against the building principal should be filed with the Superintendent or his/her designee. The student may also report concerns to a staff member who will be responsible for notifying the appropriate building administrator. The building principal (or his/her designee) shall investigate, as promptly as the circumstances permit, and document all complaints about bullying (as defined in this policy) and other behavior which may violate this policy. If the investigation finds an instance of bullying has occurred, it will result in appropriate consequences. The individual responsible for conducting the investigation shall notify the parents/legal guardians of the victim, as well as of the perpetrator, of the reported incident(s) of bullying as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of this contact, or attempt to notify, shall be noted. The individual responsible for conducting the investigation shall document all reported incidents which are prohibited and report all incidents of bullying or other behavior which violates this policy, as well as any remedial action taken, to the Superintendent or his/her designee. The Superintendent, or his/her designee, shall submit a compiled report to the Board on an annual basis. The Superintendent is responsible for implementation of this policy. This policy will be publicized by being placed on the School District's website and in student handbooks. Retaliation, or making a false accusation against a target of bullying, a witness, another person with reliable information about an act of bullying, or any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation or false accusations should be reported in the same manner as bullying behavior. Making intentionally false reports about bullying behavior for the purpose of getting someone in trouble is similarly prohibited. Retaliation and intentionally false reports may result in disciplinary action as indicated above. This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program. This policy is published in the student handbook annually, which is accessible on the school and district websites. Confidentiality To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. To the extent permitted by law, documents comprising the investigation will be maintained in a secure manner, will not be co-mingled with other documents, and will be disclosed only in accordance with law or on a "need to know" basis.

RETIREMENT SYSTEM

GBQ
MAY 20, 2024

The Michigan Public School Employees Retirement System (MPERS) was established by Public Act 136 of 1945 to provide a system of uniform retirement benefits for employees of local school districts in the State of Michigan. Health care benefits were added by legislators in 1975. The provisions governing MPERS were later recodified as Public Act 300 of 1980, the Public School Employees' Retirement Act. That act, as amended, governs the retirement system and includes provisions related to the retirement system's board, benefit vesting, eligibility age and years of service, the calculation of service credit and purchase of credit rules, employee contributions, and

the determination of benefit levels. MPERS is administered by the Office of Retirement Services (ORS) in the Department of Technology Management and Budget. ORS administers a Defined Benefit Plan, a Defined Contribution Plan, and two hybrid plans for public school employees. ORS also administers two retiree healthcare plans: the premium subsidy benefit and the Personal Healthcare Fund. Employees of Livonia Public Schools are automatically enrolled into MPERS. The date an employee first works for a Michigan public school determines the plans an employee is eligible to participate in. All retirement plans require an employee contribution. The District shall make the required employer contributions.
