RE: Textbook and Resource Adoptions for 2021-2022
DATE: February 22, 2021

Attached you will find the list of textbooks and primary resources recommended for adoption for use beginning in the fall of the 2021/2022 school year. These resources have been reviewed as part of a rigorous evaluation process conducted by our faculty and administration and will either replace aging, outdated resources or support students in new courses or content areas.

These resources will be on public display in our district office as required by School Board Policy and the Illinois School Code. We will return to the Board to seek formal approval of these resources at a future meeting following a public display period.
