

Continue Discussion of Proposals for Capital Feasibility Study and Campaign

The Facilities Committee met on November 14, 2018, to review two proposals submitted for a capital feasibility study and campaign that were submitted in response to a request for proposals. The Committee voted to defer making a recommendation to the full Board until it reviewed the proposals from Cargill Associates and Dini Spheris. The Committee will continue its discussion of the proposals and consider making a recommendation to the Board of Regents. A Special Meeting will be held following this meeting to present that recommendation.
