A motion was made to move to Executive Session by Vice Chair Andersen, seconded by Trustee Kent. Motion carried. Chair Suchan – yes; Vice Chair Andersen – yes; Trustees Claridge and Kent – yes.

There was a possible motion on the adoption of a resolution regarding level 3 grievance hearing panel decision. A motion was not made due to a mutual agreement between parties involved.

Executive Session was declared finished.

Chair Suchan stated: The next item is consideration of the employee grievance under policy 590.50, regarding employee #08-18-25-1. The level 3 grievance panel has issued its decision on May 27, 2025. Under our policy, the Board may, at its regularly scheduled meeting, by resolution, set aside the panel's decision. I will also note for the record that per the grievance policy, "the timelines of the grievance procedure established in this section may be waived or modified by mutual agreement," and the parties, by mutual agreement, have agreed to address this tonight, at the regularly scheduled August meeting. Is there a motion regarding adoption of a resolution to set aside the panel's decision?

Trustee Claridge made a motion to move that the Board of Trustees adopt resolution No. R 08-18-25 hereby setting aside the level 3 grievance review panel's decision dated May 27, 2025, pursuant to District Policy 590.50. The Record as "the binder of materials the employee provided to the Level 3 Review panel and considered by the panel at its May 27, 2025 hearing." I propose that the contents of the binder of materials will be fully set forth in the Board's formal written resolution. I also propose that, due to the confidential nature of the employee grievance and employee file, the Board file the written resolution setting forth its decision to overturn the penal decision in the employee's file with copies sent to employee and employee's union representative.

Trustee Claridge stated the reason for adopting the resolution is he feels in regards to February 5, 2025, the employee should be terminated for the items that are referenced.

Vice Chair Andersen agreed, she stated that what was in the binder did not match up with the dates. Chair Suchan stated the items on February 5, 2025 were not undisputed. Trustee Kent agreed duties were neglected and the employee should be terminated.

Chair Suchan asked for a second on the motion made. Trustee Kent seconded the motion. Roll call vote: Chair Suchan – Yes; Vice Chair Andersen – Yes; Trustee Kent – Yes; Trustee Claridge – Yes motion carried.

Discussion

Ski Stipend: Mr. Larsen stated the pay for this stipend had not been run through payroll, and that cannot be happen. It must go through the business department. When he looked at other stipends, other employees working more days/hours were receiving close to the same amount. He felt this stipend with less days should be less. Mr. Heath stated ski advisors do a lot behind the scenes. They arrange the ski dates, contact parents, check grades, etc. Some advisors don't ski, they spend time helping students. Trustee Claridge asked that the fee the kids pay for ski club helps to cover the advisor's stipend, Yes. There are very few stipends run off student raised funding. The Board discussed placement for middle school and high school ski advisors.

Emergency Hire: Mr. Larsen stated to the Board this is usually for a hard-to-fill position where not many people applied. Typically, the person does not have a four-year degree and when hired would be a Category 1 contract. The position was opened for approximately one month. The person hired would need to be on track to finish his/her degree in a year. Sometimes the State will agree to go an extra year.

Administrator/Department/Committee Reports

Trustee Claridge asked a question regarding the maintenance report on quotes received for HVAC units. Was the quote for those that had hail damaged or something else. Mr. Larsen explained there were older units that need to be replaced.

The Ag building experienced some internet issues with printers and phones, but problems should be cleaned up this week. They will have to block off the gravel roads to the main building per the Idaho Department of Transportation.

Trustee Claridge asked if any quotes had been received for future projects such as the gym floor. Mr. Larsen will check with Jason Van Every.

Lights for the football field will need to on the levy going out in November 2025.

MCEA: Nicole Toner shared they were working with members to get dues changed to auto pay and not from payroll.

Superintendent Report: The freezers that were out in School Nutrition are fixed. The application was submitted to the State so we can have a food program. The summer program took in approximately \$180,000 and cleared around \$30,000.

The Ag building open house was a huge success. Mr. Larsen thanked all of those who did an outstanding job in arranging the open house.

Time clocks have been installed in all locations. All classified staff are required to clock in and out.

Board Training: Mr. Larsen suggested training with ISBA in governing policies.

Levy: A meeting with the Facilities Committee will be Wednesday, August 20, 2025. Mr. Larsen spoke with admin and got a list of projects they feel are needed at their schools. Mr. Larsen is waiting to meet with Zion's
