**SUGGESTED SCHOOL BOARD ACTION:**

Recommend board approval to increase mileage allowance from .505 to .585.

**DESCRIPTION:**

The Internal Revenue Service has increased the standard mileage reimbursement effective July 1, 2008. The new rate will be .585. This rate will be in effect through December 31, 2008. There will be a new rate set on January 1, 2009. District 877 has always followed the IRS rate. Therefore we are making this recommendation to adopt this rate.
