

Board of Trustees Agenda Item

Staff Member Name:

Esther Kolni

Department:

General Counsel

Board Meeting Date:

December 9, 2024

Agenda Heading:

Approve Designated 2025 Non-Business Days for Public Information Act Compliance Purposes

Item Type: Action Item

Background Information: The 88th Legislature changed portions of the Public Information Act that define non-business days for purposes of complying with the Act. Non-business days continue to include State and Federal holidays and weekends but no longer naturally extend to all days when a school district may be closed for business due to locally determined holidays, including days during the District's Winter and Spring Breaks, for example. Under the updated law, school districts may select up to 10 non-business days per calendar year in addition to State and Federal holidays and weekends and publicize those dates for the public. We ask the Board to approve the selected non-business days for the 2025 calendar year for purposes of Public Information Act compliance. Once approved, these dates will be published on the District's Public Information Request website and made available for public viewing.

Amount (when applicable): N/A

Recommendation:

"I move to approve the Frisco ISD 2025 calendar year non-business days for Public Information Act compliance purposes as presented."
