10987 Closed Work Orders

Maintenance Department Updates

Current Projects:

Minico

1. Irrigation Pump Project Relocation- This project has had a setback. Butte has completed the setting of the new pump and tied-in to the head gate.

2. Old Food Service Building - the construction class has completed the remodeling project. Kent is in the process of rewiring the lights which is 95% complete and the track team has moved the mats into the building for storage.

3. Signs - the marquee is in place but there is an issue with the power. The M is up over the football field ticket booth.

4. Loading dock at Minico - Extension to allow a new walk-in freezer and walk-in refrigerator to be added to the kitchen. Mr. Bird and his ag class are wanting to do the demolition of the old freezer to reutilize in the Ag program.

5. The new tile is being installed in the entryway and SE hall

Food Service Building

1. The new cement floor for the freezer has been poured. The old windows and door way have been poured. The framing that will support the ceiling and garage door should begin this week.

Acequia

1. Carpet is being removed. New carpet and tile to follow.
