

Activities Committee

March 18, 2019

6:00 p.m.

The Activities Committee met on Monday, March 18, 2019 at 6:00 p.m. in the District Office. The following Board members were in attendance: Mike Domin, Barb Neprud and Joe Dwyer. Jamie Skjeveland and Jared Matson were also in attendance.

1. Discussion on having non-varsity sports participants having practice prior to 8:00 a.m. - There are some times when practices for junior high students are held at 6:30 a.m. - Sometimes this happens once a week. Sometimes this happens twice a week. It depends on the game schedule for the week. After the discussion, the committee indicated that the District will continue the status quo for future seasons. There will be no significant changes in practice times for younger students at this time.
2. There are currently four girls out for junior high (2) and junior varsity golf (2). There was no recommendation to eliminate the program due to low participation numbers. However, a request was made to revisit this issue again in June - after the season.
3. The committee reviewed the participation numbers from the winter sports season. There was no recommendation to eliminate or add programs based on participation.
4. Future coach staffing, based on retirements, may include Dance Team and Boys Varsity Golf.
