Re: LCTC Contingency – 2021 Bond

I would like an opportunity to share with the Board of Education a recommendation for additional contingency be added for the Robotics and LCTC renovation in the amount of \$213,000 which is an additional 2%. As discussed at the previous Study Session, the Bond Team is requesting the approval of additional contingency to be proactive.

The original contingency request was for 7% of the project, which is on the lower range of typical contingency amounts. The additional 2% will allow the project to stay on schedule through the summer, even if an unforeseen cost arises.

Please place this topic on the agenda of the May 15, 2023, Committee of the Whole meeting.

Thank you.
