Comments for the Board of Trustees

This would be great for my kids and me!

I feel like it would leave time for appointments and family short trips

4 day

I believe the 4 day school week will be better for my child.

Let's go 4-day calendar! ♥

..

Would love to only have to fight kids in the morning 4 days a week! Please oh please do this!!

I would love to see this workout. Only caveat would be athletic workouts, im sure you have a reasonable solution in mind for that!

4 day

I am excited about a 4 day week for students.

I believe a 4 day week would be incredible. In my opinion the staff deserves more than 48 hours (if that) with their family with out having to grade or worry about anything other than their loved ones.

I say we give the 4 day a try

I think this would benefit so many children, parents, teachers and all other school employees !

Na

4 days.

None

None

Lets do this!

N/A

As long as academics don't suffer, 4 days works for me.

5 day please

We believe this benefits our students and our families and will have a better long-term outcome

My son faces challenges in school and often feels overwhelmed. A shorter week would provide him with more rest, helping him feel refreshed and less burnt out. Thank you for considering this.

4 day is a great idea.

I am in favor of the school calendar. However proposing the first semester having Mondays off then second semester Fridays off due to fall sports.

I support the 4 day school week.

4 day calendar looks amazing!

I would rather have more days than shorten the weeks. If we all have Friday off the Drs. Offices would be full anyways. For us working families we would have to find additional baby sitting times.

There are too many uncertainties on how the athletes will be getting to school on the required Fridays. As a parent that has to find childcare for when my kids are already out of school, is hard enough. There is not enough child

#### Proposed 4 day calender

I belive this 4 day week would be so beneficial to the kids. It needs to be said, that school is not a babysitter. That shouldn't be a basis for a 5 day week. I truly hope this 4 day week wins over.

Great idea!

TEA study found that students on a four-day schedule performed 5-8 percentage points lower in math and 6-8 points lower in reading compared to five-day peers. If 4 day school week is what is chosen I will be spending the

The administration has done an excellent job arranging the 4-day week calendar. The benefits of a 4-day week outweigh the risks. I believe many schools will end up adopting this same model in the coming years and it is

I am concerned the children will be extremely tired after about 2:00. I taught many years and many grade levels. By 2:00 the kids shut down. I am also concerned that many children will be left at home alone. It's difficult to find I am looking forward to see how a 4 day week will work out. I am curious about pep rally's and traditional Friday sports happenings.

I would still like to try Mondays off in the fall and Friday's off in the spring.

While I understand that the 4 day week proposal can have its benefits- the overall scheme of it is not very feasible for parents who must work during the week while their children are at school. Many jobs will not allow parents to

Thank you

Thank you for your commitment to providing the best opportunities for our district!

My 10 year old is concerned about retention from Thursday to monday

My biggest concern is our elementary age students. I will support a trial, but I worry about a Kindergarten aged student sitting for an even longer school day. I do NOT want my child discouraged by school because she sits for

4 day school week will be better for everyone !

Please take under consideration of the parents who do not have the ability to change their work schedules to accommodate a 4 day week. This would also leave less time from after school practices to get to other extra

I'm voting against and hope you look at the following conflicts; 1. The athletes will have a 11+ hour day (4day) vs 9+ hr day (5day) at school. 2. Following the last reason Athletes will be required to Friday plus some Saturdays on

Just wanted to mention that if constancy is the goal, on the weeks with holidays we still have Friday off, but start school a week earlier.

4 day calendar

This makes for much more flexibility for both teachers and parents!

After receiving all the awards and how good the schools are doing why change everything

I support 4 day as my son was in a 4 day week for several years at another district. I know the positives it brings first hand. I worked at this school.

In my opinion, kids already spend too much time at school. If you're going to take the extra day off just take it off.

The 4 day will help alot with absences for dr appointmens as those can be made on the extra day off
