DATE: February 24, 2025
SUBJECT: PARENT-TEACHER ADVISORY COMMITTEE
SUGGESTED REVISIONS DISCUSSION

On February 19, 2025, the Parent-Teacher Advisory Committee met to review and discuss current discipline policies and procedures and the Student Information Handbook. Further, the committee assumed the duties of the Behavioral Interventions Committee per Board Policy 7030 *Board Committees*, and discussed the District's process and procedures for behavioral interventions. We have attached for your review the following:

1. Illinois School Code requirements for the Parent-Teacher Advisory Committee and Behavioral Intervention Committee
2. Board Policy 7030
3. Sign-In Sheet of Participants
4. Minutes from the February 19, 2025 meeting

While there are no official recommended changes from the Parent-Teacher Advisory Committee or the Behavioral Interventions Committee for the 2025-2026 School Year, we did have multiple parents, and both student participants, share their feelings on the District's effectiveness in building relationships, SEL/mental health supports, and proactive anti-bullying programs. Three different parents outwardly expressed how impressed and grateful they were to be in such a great District. They emphasized how safe they feel with their child(ren) in our schools. Two different parents mentioned that moving into this School District was the best decision their family ever made. Finally, multiple parents praised our teachers and stressed how talented they are and how special they make their child(ren) feel. These comments will also be shared with the administrative team.
