Bottom of Form

**Background Information:**

State law requires that each district's board of trustees hold a public hearing to discuss the district's annual report within 90 calendar days of receiving the PDF TAPR. This 90-day period began on December 18, 2025, with holiday breaks excluded from the calculation. Following the public hearing, districts must widely publish their annual reports, including posting them on their websites and other public locations, within two weeks. Additional details can be found on the [TEA Requirement for Posting of Performance FAQ](#) webpage.

The Texas Academic Performance Reports (TAPR) pull together a wide range of information on the performance of students in each school and district in Texas every year. Performance is shown disaggregated by student groups, including ethnicity and socioeconomic status. The reports also provide extensive information on school and district staff, programs, and student demographics.
