Attendance:

We have students who are currently out for medical appointments and extended vacations. As the second semester progresses, we look forward to finding creative ways to encourage students to attend school on a consistent basis. We will be using the school Facebook page to recognize students who come to school every day and also students who accomplish academic goals.

Strategic Plan Goal & Pedagogy Implementation:

Family & Community Collaboration

Goal 1: Strengthen family and community collaboration by developing and sustaining intentional, purposeful partnerships that support student learning and well-being.

- Integrate family and community knowledge, values, and experiences into instructional practices.
- Create consistent opportunities for families and community members to contribute to learning activities, curriculum planning, and school initiatives.
- Use culturally responsive and place-based pedagogy informed by community voice.
- Establish two-way communication systems that value feedback and collaboration.

Culturally Responsive Instruction

Goal 2: All students will advance from their current level of knowledge as Nunamiut School implements culturally responsive instruction that acknowledges and affirms the culture,

language, traditions, and knowledge of the community while supporting academic growth and student well-being.

Goal 3: All students will participate in age-appropriate career exploration experiences to help identify interests and align future educational and career goals.

Goal 4: Graduate bilingual students at Nunamiut school. We will support students in developing bilingualism and biliteracy, graduating students who are prepared to thrive academically while sustaining their home language and culture.

Student Social & Emotional Wellbeing

Goal 5: Nunamiut School will ensure emotional well-being by providing accessible, culturally responsive mental health support and counseling services in partnership with families and the community

- Counseling Support: Individual and group counseling for students who feel bullied.
- Peer Support Networks: Mentorship or buddy programs to foster positive peer connections assisted by Sharon Lemmert.
- Education & Awareness: Lessons and activities that teach empathy, conflict resolution, and bystander intervention assisted by programs by ASNA.
- Family & Community Involvement: Engage families and community members in prevention and support strategies.
- Safe Reporting Systems: Clear, confidential ways for students to report bullying and receive help.

Staff Support & Professional Development

Goal 6: Build and sustain a thriving workforce aligned with the mission of this District.

Our Mission:

Students who are empowered, culturally rooted, bilingual healthy, critical, creative, and lifelong learners.

Wednesday afternoons are used for grade band-level PLC training, staff meetings, and district-level PLCs. Teachers work in groups looking at data to help guide discussion for small group activities, intervention, and cross curricular opportunities in lesson planning.

Financial & Operational Stewardship

Goal 7: Standardize high-functioning, efficient, student-focused operations

We are working with Nicholas Settle to initiate our needs assessment for the School Improvement Plan. The funds from the School Improvement Grant will be used to prioritize literacy instruction in all grades, as well as attendance and behavior.
