### **Subject**

ROOted in Excellence Series – Campus Support Structures

### **Background Information**

Weatherford ISD is proud to highlight our advanced academics program for this month's "Rooted in Excellence" series. This initiative showcases a key academic focus each month, offering the Weatherford ISD Board and our community insights into the district's dedication to advancing educational excellence.

This month's presentation will provide an overview of the initiatives surrounding advanced academics, including student supports such as increased testing opportunities, targeted test preparation, and multiple pathways for advanced coursework. Additionally, we will highlight parent supports, including middle school parent meetings and the Roo Expo, which ensure families are informed and equipped to navigate advanced academic pathways. Finally, we will share staff supports, including professional development, honors curriculum alignment, and student achievement meetings, which empower educators to drive student success.

Representatives from Weatherford High School will participate in the campus connection segment, sharing their experiences with advanced academic opportunities. They will discuss the impact of these initiatives on student participation in advanced courses, preparation for college entrance exams, and their progress toward achieving college, career, or military readiness.
