SUBJECT: CHANGE ORDER #1 FOR DEEP WELLS PROJECT AT KELLER HIGH SCHOOL AND FOSSIL RIDGE HIGH SCHOOL

BOARD GOAL: Keller Independent School District facilities and services will be operated in a safe manner so that all students and employees may thrive in a secure and nurturing environment.

All systems in the Keller Independent School District will be effective, efficient, and accountable in support of the district's mission.

FISCAL NOTE: Bond Funds

ANTICIPATED DATE FOR ACTION: February 27, 2006

Background Information:

- Irrigation water wells have been installed at Keller High School and Fossil Ridge High School as a project in the 2000 Bond program.
- Fossil Ridge High School is complete and operational.
- Central High School has an operational system from the original contract.

Administrative Considerations:

- All work in the contract at Keller High School has been completed.
- The City of Keller has required the installation of reduced pressure valves (RPVs) to assure separation of ground source water and city water system. This is work beyond the scope of the contract, for \$33,336. Funds from 2000 Bond interest would be applied.
