

I am interested in understanding how a Blackfoot Way of Knowing bullying prevention paradigm informs cultural connectedness, and school connectedness in comparison to the Olweus Bullying Prevention Program. You will be presented with information relevant to bullying prevention and asked to answer some questions about it. Please be assured that your responses will be kept completely confidential.

The survey should take you around 20 minutes to complete, and you will receive a pizza party for your participation. Your participation in this research is voluntary. You have the right to withdraw at any point during the study, for any reason, and without any prejudice.

Please answer the questions to the best of your knowledge. There are no right or wrong responses.
