

# SCHOOL BOARD MEETING REPORT

Board Meeting Date: 17-Sep-12

Agenda #                     

Staff/Administrator: Dan and Doug

Superintendent: Dan Huber-Kantola

Type of Item:       Informational       Action

**Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?**

We are asking the Board to approve these four planned course statements. The courses were presented to curriculum in June but did not get on the Board agenda until September. They are solid courses and we have instructors ready to teach them and students ready to earn dual credit for them.

**Provide history/background information on your proposal.**

We have been trying to expand our dual credit options with RCC and the Hidden Valley High School Business staff has been working directly with RCC on courses they can offer as a department that would articulate with RCC and allow students to earn credit at both Hidden Valley and RCC.

**List the advantages of your proposal:**

This will allow students to earn additional collage level credits from a class taken at one our high schools. Once approved any of our high schools can offer the courses for dual credit in the future.

**List possible disadvantages of your proposal:**

None

**List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?**

None

Superintendent's recommendation(s):

Approve: Yes  No
