

LIVONIA PUBLIC SCHOOLS

Secondary Programs & District Services

From: Daniel R. Willenborg, Director
To: Andrea Oquist, Superintendent
Date: April 24, 2018
Subject: Renewal of Cooperative Education Agreements

I would like to address the Board of Education about renewing the Livonia Career Technical Center Cooperative Education Agreements for the 2018-19 school year.

As we discussed during the Study Session of April 23, 2018, the Cooperative Agreements allow students from other school districts to attend classes at the Livonia Career Technical Center. Our district receives funding from the sending student district for an equivalent fractional FTE amount.

The school districts participating are:

- Northville Public Schools
- Plymouth-Canton Community Schools
- Crestwood Public Schools
- Wayne Westland Community Schools
- Redford Union
- Canton Preparatory High School

Please add this item to the April 30 Committee meeting agenda.
