

Child Nutrition Program Building Report September 2021

The Child Nutrition Program will be serving a traditional meal that will consist of boiling meat, boiled potatoes, berries, and bannock bread on September 24, 2021 to celebrate Native American Week.

We will be celebrating National Lunch School Program (NLSP), October 11 through October 15, 2021. NLSP serves nearly 30 million children every school day. President John F. Kennedy created National School Lunch Week in 1962 to promote the importance of a healthy school lunch in a child's life and the impact it has in the classroom. Our theme is, "Wild About School". We will also be decorating our kitchens.

The Child Nutrition Program received a donation of \$1,440.00 from Clay Hickman from OPI. This is a personal donation from Clay as he auctioned a sculpture called "Mountain Goat", that he inherited from his late parents, with the intent of giving the proceeds to the Browning Public Schools lunch program.

In honor of the *Blackfeet* sculptor, John L. Clarke, Clay Hickman took a day from work at OPI to personally present the Child Nutrition Program with the check of \$1,440.00.
