

AGENDA

ITEM

SUBJECT: Consider approval of amending the Weighted Course list for 2015-16.

RATIONALE:

Yearly, GHS has several students that are in need of taking dual credit courses that are not offered at NCTC. The new language will allow students that are taking accelerated courses the ability to have the dual credit college/university course included in their GPA as a weighted course.

RECOMMENDATION:

The administration recommends an amendment to the Approved Weighted Courses list to include the new language as presented.
