Re: Adoption of the 2014-2015 Student Code of Conduct

The Student Code of Conduct review committee met during the spring semester and summer to up-date the CISD Student Code of Conduct for 2014-2015 school year. Committee members included administrators from elementary, middle and high school, a school counselor, representatives from Intervention Services and CISD Administration.

Revisions were generated and implemented after consultation with the committee, central administration and the TASB "Model" Student Code of Conduct, as well as information received from the TASSP Law Conference. Because there was this was not a legislative year, there were no major changes to the document.

The 2014-2015 Student Code of Conduct reflects the following revisions:

- Changes to the introductory letter from the Board of Trustees and CISD Administration.
- Updates and changes to the Responsible Use for Technology Resources (formerly the Acceptable Use Policy).
- Date and other time reference changes.
- Formatting changes made throughout the document including alphabetizing items when presented as a list.
- Minor changes to the Bus Rider Safety and Discipline Rules.
- General cosmetic and grammatical changes.
