

# Memo

**To:** Board of Trustees  
**From:** Rob Sauer, Superintendent  
**Date:** August 6, 2014  
**Re:** Superintendent's Board Report

---

Strategic Planning - This is required of all school districts for the upcoming school year. We adopted a plan in the fall of 2012. You will find a copy of our plan attached. We will need to approve the current plan in September or adopt a new plan. The plan must include the following features:

- Includes a clearly articulated vision and mission
- Is data driven regarding student outcomes
- Includes data analysis of:
  1. Demographics
  2. Student achievement and growth
  3. Graduation rates
  4. College and career readiness
- Sets clear and measureable targets based on student outcomes
- Includes key indicators for monitoring performance
