6.1 ENGINEER’S QUALITY OF WORK. The City's review of any documents prepared by the Engineer is only general in nature and its option to approve and accept the work in no way relieves the Engineer of responsibility for any specific deficiencies in its professional service. The Engineer shall perform services with the professional skill and care ordinarily provided by competent engineers practicing in the Town of Horizon City and the County of El Paso, Texas, and under the same or similar circumstances and professional license. The Engineer's services shall be performed as expeditiously as is prudent considering the ordinary skill and care of a competent engineer and the orderly progress of the Project and in accordance with the time periods established in **Attachment "B"** and which shall be adjusted, if necessary, as the Project proceeds. This schedule shall include allowances for periods of time required for the City's review, for the

performance of the City's Engineers, if applicable, and for approval of submissions by authorities having jurisdiction over the Project. The Engineer understands that time is of the essence and the identified time limits shall not, except for reasonable cause, be exceeded by the Engineer or the City.

6.3 AUDITING RECORDS FOR THIS PROJECT. The Engineer's records subject to audit shall include but not be limited to records which, in the City's discretion, have a bearing on matters of interest to the City in connection with the Engineer's work on the Project for the City and shall be open to inspection and subject to audit and/or reproduction by the City's agent or its authorized representative to the extent necessary to adequately permit evaluation and verification of: (a) the Engineer's compliance with contract requirements; and (b) compliance with provisions for computing Direct Personnel Expense with reimbursable expenses, if applicable.

Such records subject to audit shall also include those records necessary to evaluate and verify direct and indirect costs as they may apply to costs associated with this Agreement. The City or its designee shall be entitled, at its expense, to audit all of the Engineer's records related to this Project and shall be allowed to interview any of the Engineer's employees, pursuant to the provisions of this section throughout the term of this contract and for a period of **three (3) years** after final payment or longer if required by law. Such audits may require inspection and photocopying (at the City's sole expense) of selected documents from time to time at reasonable times, places, and charges to the City, if the Engineer is making copies for the City, under this section at the request of the City.

6.4 COPYRIGHT AND REPRODUCTION RIGHTS. The City shall have the right to the use of the Drawings, Specifications, and other documents for the maintenance, repair, remodeling, and renovation of the Project; provided, however, the Engineer shall have no liability for any use of one or more of the Instruments of Service by the City for maintenance, repair, remodeling, and renovation of the Project. The rights granted to the City herein for the use of the Drawings, Specifications, and other documents for additional projects shall not grant the City any right to rely upon the Engineer's seal on the Drawings and Specifications or to hold the Engineer responsible for any subsequent use of the Drawings, Specifications, and documents. The Engineer shall provide the City with copies of the Instruments of Service in both electronic form and in hard copy.

6.5 SUCCESSORS AND ASSIGNS. This Agreement shall be binding on the City and the Engineer, their successors, and assigns. Neither Party may assign, sublet, or transfer its interest

The Engineer further expressly agrees that every act or omission of the City which, in any way, pertains to or arises out of this Agreement falls within the definition of a governmental function.

6.14 PROHIBITION ON CONTRACTS BOYCOTTING ENERGY COMPANIES. If the Engineer is required to make a verification pursuant to Section 2274.002 of the Texas Government Code, the Engineer verifies that the Engineer does not boycott energy companies during the term of this Agreement and will not boycott energy companies during the term of this Agreement.
