8. Approval of GSRP Playground Equipment

The Great Start Readiness Program (GSRP) has continued to grow over the past few years. Our current playground for ages 3–4 is no longer adequate for the 186 children enrolled in the program. The Kids First building has three playgrounds—one each for El Puente, TK, and Preschool (which includes both tuition-based and GSRP students). A map of the building and playground locations is included for your reference. If approved, some of the existing equipment in the TK/Preschool area will be relocated to other elementary buildings.

A preliminary plan and cost estimate are attached for your review. The total projected cost is approximately \$200,000. We have requested \$146,641 from the OAISD to be funded through the GSRP grant and are currently awaiting approval. The remaining cost would be covered by General Capital Projects as the District's matching contribution.
