

COMMUNICATION COMMITTEE GOAL - 2020/21

Each WD7 school will engage in one original activity each month to engage with the community - with the goal of increasing the awareness of activities taking place within the classrooms/schools.

Suggested Activities: Increase use of FaceBook, use of YouTube, live stream fine arts performances, write cards (seniors, medical professionals, first responders, website & web pages, city sign, social media.

NOVEMBER

- **ECEC**

- [Thankful for Wood Dale Project](#)

- Dear Families,

During the month of November, we would like to remember what we are thankful for within our community. Discuss with your child some places you like to go and things you like to do around the community as a family. Some ideas include a park, the library, the park district, a restaurant, or somewhere else you enjoy going.

We'd like to invite you to draw a picture and, if possible, share a family photo at this location. Please email both to your child's teacher by Friday at 2:00.

In an effort to engage with the community, each month we will have a neighborhood-based project with students at ECEC.

Thank you for your participation.
