Background Information

The purpose of SiteLogIQ:

"We make Buildings Better.

We don't want to overcomplicate things. We're driven by our purpose to make buildings better.

We work in schools, hospitals, apartments, offices, factories, warehouses, and shopping centers to deliver energy efficiency and facility solutions that make a difference for the people in our local communities who occupy them."

At the December 18, 2023 Workshop, Andrew Fields gave a presentation to the board on what services they can provide Red Wind School District.

The board will review and determine the top five priorities of improvement.
