

## Big Sky/ Glendale Board Report

Once again we will be welcoming back Dan and Krista Anderson. They do a fantastic job with the students and are greatly respected on the colony. The colony graduated one student last year, but will be gaining two this school year. Professional development will include the use of the Teachscape resources.

Ellen Christopherson will be coming back for her 17<sup>th</sup> year. She continues to be a crucial part of the school since there has been teacher turnover the last three years. I along with the colony are very grateful for her commitment to the District and colony students. Glendale Colony School welcomes Jay McGraw as the new teacher. Jay is transferring from Browning Middle School. He was able to meet the students and observe the class at the end of the school year and is very excited to start work. Jay will be the first male teacher at the colony since it was opened. The students are very excited. The colony will also be welcoming two new first graders. They will be replacing the one that graduated. This will move the enrollment to 17.

The students and staff at Big Sky and Glendale are excited for the upcoming school year and look forward to their visits from Ranger Kelly, Carlene Salois and Sienna Speicher.
