PACE Outreach

PACE advertising has been deferred at this time. Over the next several months, our marketing team will focus on search engine optimization through reviews and updating the PACE website.

All learning centers have started activity planning for the school year. This month the ALC hosted a field trip to Fire Station 1 and the MLC hosted a meet and greet in the learning center.

PACE Staffing

We continue to look for a part-time administrative assistant in the Anchorage Learning Center. We have moved a promising candidate forward into the background and reference-checks stage and are hopeful to make an offer soon.

School Improvement

Data collection for DIBELS was sent to the state October 1. Individual reading plans were started for students performing well-below benchmark, per the Alaska Reads Act. PACE also completed our MAP testing for families during the second week of October; teachers and families will be getting those reports before the end of the month.

Preparations are under way for the first PACE inservice of the year. This will be held in Anchorage November 7-8.
