Subject: Approval of Student Transportation Contract Extension

At the April 28th Board of Education meeting, Ms. Varhalla explained that First Student has provided transportation for Bloomington School District 13 regular education students for years. The District shares this contract with Lake Park High School District 108 and Medinah School District 11 due to the smaller size of our school district and the ability to achieve greater cost savings in the process.

First Student has issued an offer to extend the contract by 5 years with a 12% increase in year one, 10% increase in year two, 5.5% increase in year three and 4% increases in years four and five.

As a result, the Administration recommends approval of the five-year contract extension with First Student. Ms. Varhalla will be available to answer your questions.

Recommendation: The Board approve the student transportation contract extension with First Student, as presented.
