

**Vision**

Empowering all students to be socially responsible, life-long learners in an ever changing world.

**Mission**

The School District of Tomahawk will become the school District of choice known for its high levels of student achievement, the excellence of its programs, and its sound stewardship.

Teaching Learning & Relevance	The Whole Student	Communication & Community Engagement	District Workforce	Operational Excellence
Adaptive and focused pathways for growth.	Acknowledgment of the balance of student needs for social emotional development.	Engaging our parents and community stakeholders through excellence in communication.	To attract, retain, and support district staff.	Providing quality facilities and budgeting to support student, staff and community success.

**Teaching Learning & Relevance**

- Data Retreat
  - Conducted 8/3 & 8/4. High School ELA & Math departments attended to review current academic achievement and growth data. The retreat generated a revised action plan associated with literacy and numeracy goals. Action timelines have been established for the 2022-23 school year.
- A leadership group has been meeting regularly since the start of May to facilitate the transition to the new learning management system (LMS) called Canvas. This small group has assisted Dean Alderton with the setup of the technology. This team has also developed common course structures for all high school teachers to implement. They have also created directions and training resources to complete the work independently. This group will continue to facilitate during August Inservice days.
- High school departments have been meeting throughout the summer months to progress on their academic work with learning targets and success criteria. They have also begun working on the transition to Canvas.
- The high school has been implementing Redefining Ready indicators for several years. We will be joining a formal cohort this coming school year. We are currently in the planning process with CESA 9 to determine cohort needs and action steps for the school year.

**The Whole Child**

- Link Crew Advisers and student Link Leaders have been planning and training throughout the summer. There are three new staff Link Advisers this school year. Reminder that only 9th grade students and Link Leaders will attend on Sept. 1.

### District Workforce

- The high school is welcoming six new teaching staff members and one office staff member. Hiring took place between May and August. New staff will be participating in our mentorship program throughout the school year. We currently do not have any vacant positions.
