BOARD REPORT 11.1

Approval of Activate Learning Science Curriculum for 3 Years

Members of the Highland Science Department, Julie Jermakowicz, Jon Hallmark, Kendall Miller and Kerri Bongle will present on the science adoption process and recommendation for a new curriculum for our 6-8th grade students. They are seeking approval for a 3-year contract with Activate Learning, this includes online access for teachers, classroom kits, teacher (hard copy) manuals, and professional development. The team is also asking to include a one-year commitment to Gizmos, which is a supplemental resource.

POSSIBLE MOTION:

I move that the Board of Education approve the 3-year proposal to adopt Activate Learning's science curriculum for our middle school students as presented at the February 24th, 2025 Board of Education meeting.
