Dear Teri,

Thank you for the donation of a 2005 Chevrolet Trailblazer, VIN#: 1GNET16S456105681, to the United Township Area Career Center's Auto Mechanics & Auto Body programs. As Director of the ACC, I appreciate your support of the students who are training at the Area Career Center.

The ACC's Auto Mechanics & Auto Body programs, with Bryan Thirtyacre and Don Rahn as the instructors, continues to provide learning experiences that are as authentic as possible. Having donor vehicles, like this Trailblazer, allows the students the opportunity to work on vehicles or with vehicle components, which they may not normally be allowed to do. These experiences are a critical component of the student's learning and could not be possible without the support of individuals like yourselves.

Again, thank you for your donation and support of the United Township Area Career Center.

Gratefully,

James Hood  
Director
