

The District shall attempt to ensure student safety through supervision of students in all school buildings, **at all school-sponsored events or activities**, on all school grounds, and through special attention to the following:

1. Maintaining a reasonably safe school environment. (See CK, CLB)
2. Observing safe practices in those areas of instruction or extracurricular activities that offer special hazards. (See CKB)
3. ~~Offering safety education to students enrolled in laboratory courses in science, shop courses, health, and physical education. (See CK)~~
4. ~~Providing first aid care for students in case of accident or sudden illness. (See FFAC)~~
3. **Developing age appropriate safety programs and activities for students at each grade level.**
4. **Emphasizing safety education to students enrolled in laboratory courses in science, industrial arts, health and physical education. [See CK]**
5. **Providing first aid for students in cases of accident or sudden illness. [See FFAC]**
6. **Annually reviewing the adequacy of emergency procedures at each campus in the District and providing for staff training in such procedures. [See CKC]**
7. **Implementing appropriate crisis management procedures when emergencies occur. [See CKC]**

STUDENT

The Superintendent and the principal shall develop plans and

SAFETY
