NAEP Ambassador Program

Question 1: *Please refresh my memory. As a NAEP Ambassador, are you absent from the school district during the school year or summer period?*

Answer: I am out mostly during the summer. This past year, I was out one day in April and one day in September. All other absences occurred during the summer.

Question 2: *Are there (sic) any costs incurred by the school district?*

Answer: There are no costs incurred by the school district. To the contrary, the school district actually saves \$916 every day that the superintendent takes a personal day.
