REVISED POLICY - SPECIAL UPDATE - SCHOOL SAFETY

5500 - STUDENT CODE OF CLASSROOM CONDUCT

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law regarding minors. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty should be maintained in the schools of this District.

The District Administrator shall establish procedures to carry out Board policy and philosophy, and shall hold all school personnel, students, and parents responsible for the conduct of students in schools, on school vehicles, and at school-related events.

Student conduct on or adjacent to school premises, on school vehicles, and at school-related events and activities shall be governed by the rules and provisions of the Student Code of Classroom Conduct. In addition, student conduct on internet-based social media outlets, when such conduct forms a sufficient connection to school or staff, is governed by the Code of Conduct. This Code of Classroom Conduct shall include the following items:

- A. specification of what constitutes dangerous, disruptive, or unruly behavior that interferes with the ability of the teacher to teach effectively, which therefore permits the teacher to remove the student from class;
- B. other student conduct that may be used by a teacher as a basis to remove a student from class; and
- C. procedures for notifying the parent of a student's removal and procedures for placement of a student that has been removed from class.

The Code of Conduct, developed by a committee created by the Board for that reason consisting of parents, students, Board members, school administrators, teachers, student services professionals, and other appointed residents, and, once created, shall be reviewed by the Board periodically.

Removal of a student from a class that is consistent with the Code of Conduct does not constitute a report under Policy 8462.01.

If the staff member believes in good faith that the threat represents a serious and imminent threat to the health or safety of students, staff, or others, and the threat is a threat of violence made in or targeted at a school. Staff must still report such threats as described in Policy 8462.01 - Mandatory Reporting of Threats of Violence.
