LIVONIA PUBLIC SCHOOLS BOARD OF EDUCATION MEETING March 16, 2020

ITEM: XIII.	
TOPIC:	Bus Wash Replacement
RECOMMENDATION:	
the purchase and installation of from Hydro-Chem Systems, Ca	ion of the Livonia Public Schools School District approve f a new bus wash system at the Central Office Complex aledonia, Michigan in the amount of \$141,073.00 plus 5% total approved amount of \$148,073.00.
RATIONALE:	
The current bus wash system is approximately 25 years old and no longer functions as originally installed. The new system will be a "touchless" system and will include cleaning the undercarriage of vehicles. With the new system, the District will be able to clean its buses more thoroughly as well as maintenance vehicles, which is currently not possible, and will not require manual assistance by the bus maintenance staff. The overall operational cost of the new system will be less than the current bus wash system.
