ATSI and TSI Plans of Improvement

Tupelo High School has been labeled Additional Targeted Support and Improvement (ATSI) due to the achievement gap between the Special Education Population and the Non-special Education population. ATSI is the least stringent of the plans of improvement.

Tupelo Middle School has been labeled Targeted School Improvement (TSI) due to the achievement gap between the Special Education students and Non-Special Education students. TSI is the 2nd least stringent plan of improvement. MDE requires board approval for both plans.
