The Wylie Campus is a planned 336,000 square foot complex in Wylie, TX designed to include the following programs: academic transfer, business management and administration, education and child development, health science, hospitality management, information technology, logistics, and science, engineering, technology and math.

The Construction Manager-at-Risk delivery method was selected as the delivery method for this project at the regularly scheduled meeting on May 23, 2017. Part of these services includes providing estimates of the design being completed by Page Southerland Page, Inc., the project Architect. Skanska has provided a GMP proposal that is within the established project budget and timeline parameters. Upon approval of the GMP, the previously executed contract will be amended allowing for the issuance of a Notice to Proceed to commence the Construction Phase of the Contract.
