**RE:** Curriculum Resource and Textbook Adoption Proposals for 2022-2023  
**DATE:** April 11, 2022

---

Attached you will find the list of textbooks and primary resources recommended for adoption for use beginning in the fall of the 2022-2023 school year. These resources have been reviewed as part of a rigorous evaluation process conducted by our faculty and administration and will either replace aging, outdated resources or support students as new additions to existing courses.

These resources have been on public display at the Coultrap Educational Services Center as required by School Board Policy and the Illinois School Code. As of the writing of this memo the resources have been reviewed by two members of the public. We have received no comments or questions regarding any of the proposed resources. Approval of formal adoption is recommended.
