Re: Laptop Computers and Carts Purchase – 2013 Bond

I would like an opportunity to share with the Board of Education the recommendation to purchase 850 laptop computers and 23 charging carts from CDW-G from the 2013 Bond. The total amount is \$694,310.00. The quote from CDW-G is attached to this memo.

These laptops will be for students who take technical classes at the secondary level requiring specialized software. Chromebooks and other cloud-based devices can not have software added to them; therefore, laptop computers are the best mobile solution for students.

Please add this request to the agenda of the Monday, July 27, 2020 Committee of the Whole Meeting. Thank you
