**DESCRIPTION:**

A first draft of the 2024-25 school calendar was presented at the November 13, 2023 school board workshop. A second draft of the 2024-25 calendar was presented at the January 8, 2024 school board workshop with a pre-Labor Day start and early out (last week in May) to help with the scheduling of construction projects. It has been determined that an early start will not provide much benefit to the construction schedule. The attached calendar has a traditional day-after-Labor Day start and commencement during the first week of June.

The 2025-26 calendar will be presented for review at the February 12<sup>th</sup> workshop.
